CASE NO. 2004-00104

*** ** *** ** *** ** *** ** ***

MOTION TO WITHDRAW AS INTERVENOR

Comes LARUE COUNTY WATER DISTRICT NO. 1 ("LaRue"), by Counsel, and moves the Commission for permission to withdraw as an intervenor in this case. For cause, LaRue states as follows:

1. LaRue is the only wholesale customer of the City of Hodgenville (the "City").
2. By Order dated March 31, 2004, the Commission granted LaRue full intervention status in this case.
3. Since the City filed its request with the Commission to increase its wholesale rate to LaRue from \$1.58 to \$1.98 per 1,000 gallons, the City's Mayor has met with representatives of LaRue to explain the need for the proposed

increase. In addition, the City has also provided LaRue with various documents and other information requested by LaRue.

3. After reviewing this information and these documents, LaRue has determined that the City's proposed wholesale rate of \$1.98 per 1,000 gallons closely approximates the City's actual cost of producing and delivering water to LaRue.

4. LaRue's Board of Commissioners is now satisfied that the City's proposed wholesale rate is fair, just and reasonable and it urges the Commission to approve the proposed rate as expeditiously as possible.

5. Since LaRue no longer has any objections to the City's proposal wholesale rate, LaRue wishes to withdraw as an intervenor in this case. Therefore, LaRue moves the Commission to enter an Order permitting LaRue to withdraw as an intervenor.

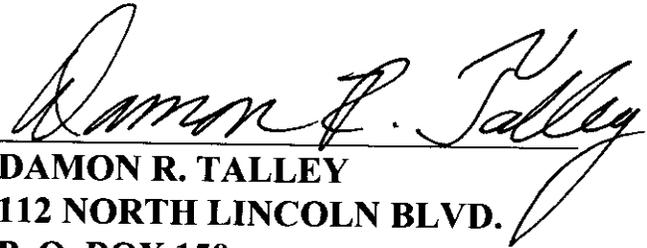

6. Furthermore, since LaRue is no longer objecting to the City's proposed wholesale rate, there is no reason why the Commission cannot go ahead and approve the City's proposed wholesale rate without any additional delay.

For the foregoing reasons, LaRue respectfully requests that it be permitted to withdraw as in intervenor and further requests the Commission to approve the wholesale rate proposed by the City as expeditiously as possible.

This 21st day of July, 2004.

Respectfully submitted,

**LARUE COUNTY WATER DISTRICT
NO. 1**
